

Volunteer opportunity: Reception and welcome of visitors / hikers

The Courmettes estate– [www.courmettes.com](http://www.courmettes.com) – is managed by A Rocha France and receives a good number of hikers. We are looking for volunteers from April onwards to improve our welcome to them, as well as finding ways to increase their awareness of A Rocha's work and their understanding of the environment.

Within this context, you will participate in:

– The reception of hikers and visitors:

- Walking the estate and opening conversations with hikers to tell them about A Rocha's work, the biodiversity of the site, remind them of the rules, etc.
- Running our small café , a friendly place to welcome many visitors

– If you wish, you can also potentially participate in :

- Improving our signage
- Organising workshops / outings related to biodiversity

– We will also ask you to participate in the life of the centre (welcoming groups, etc.).

If you share [A Rocha's mission](#) and are passionate about nature and welcoming people, come and join us!

Some important information:

- Fluent French required to be able to discuss with hikers / visitors
- Duration: minimum 2–3 weeks and up to several months!
- Possibility of accommodation on site (depending on availability: room or tent)
- Cost of accommodation and food (full board): 15€ / day (room); 10€ / day (tent)
